

optipro.™

particulate respirator half-mask

NEW!

introducing
the new addition
to the **OptiPro** range.

OptiPro Particulate Respirators adhere to EN 149:2001+A1:2009, FFP2 standards.

- ✓ **Filters Harmful Substances –**
The non-woven protective layers filter over 95% of airborne particles including dust, bacteria, smoke, pollen and other pollutants.
- ✓ **Comfortable to Wear –**
The contoured shape ensures a secure fit for increased comfort and confidence. Each mask is made from highly effective soft fabrics, designed for use without discomfort.
- ✓ **High Filtration Capacity –**
OptiPro particulate respirator half-masks have a high filtration capacity whilst retaining low breathing resistance, allowing for easy and comfortable breathing.
